Professional Summary

Flutter Developer with 1+ year as a sole Flutter developer plus two internships, building cross-platform **Android and iOS** apps. Builds **offline-first, AI-powered apps** with **on-device LLMs (Google Gemma)**, **TensorFlow Lite** and **RAG** on **Clean Architecture + Bloc**, backed by **Firebase**, **automated tests**, **CI/CD** and **Play Store** releases. Author of an open-source package on **pub.dev**.

Technical Skills

Languages & Frameworks: Dart, Flutter (Android, iOS, Web), Java, SQL, Node.js
State & Architecture: Bloc/Cubit, GetX, Clean Architecture, SOLID, GetIt (DI)
AI / ML: On-device LLMs (Gemma), TensorFlow Lite, RAG / embeddings, Gemini (Firebase AI Logic), ML Kit
Firebase & APIs: Auth, Firestore, FCM, Crashlytics, App Check, REST APIs, Dio, Stripe, Google Maps
Storage & Testing: Hive, Secure Storage, MongoDB; Unit, Widget Tests, bloc_test, Mocktail
Tools & DevOps: Git, GitHub Actions (CI/CD), FVM, Flutter DevTools, Jira, Agile/Scrum, Play Console

Experience

Mitt Arv Technologies Pvt. Ltd Apr 2025 – Apr 2026
Software Engineer (Flutter) – Hybrid / Remote

- As the **sole Flutter developer**, owned end-to-end development of **cross-platform apps** for Android and iOS, building **30+ responsive screens** from Figma and improving performance by 30% via **Flutter DevTools** profiling.
- Refactored **GetX state management** into a modular architecture, resolving recurring state bugs, and integrated **20+ REST endpoints** with **Dio**, structured error handling and secure token storage.
- Managed end-to-end **Google Play Store** releases (signing, versioning, listing, rollout) for an app with **1K+ downloads**.
- Wrote **unit and widget tests** for core modules, working with backend, design and product teams in an **Agile** workflow.

Cryptographic Solutions Jul 2024 – Sep 2024
Flutter Developer Intern – Remote

- Built a Flutter car wash app from scratch with **Riverpod** and **REST APIs**; handled debugging, code reviews and testing.

Digital Development Leadership Group Feb 2024 – Mar 2024
Mobile Application Developer Intern – Remote

- Integrated **Firebase Auth/Firestore** in a ride services app, improved **Google Maps** live tracking and contributed to **Stripe** payments.

Projects

ExpenseFlow – Private, Offline-First Expense Tracker with On-Device AI GitHub
Flutter, Dart, Clean Architecture, Bloc, GetIt, Hive, Firebase, Gemma, TensorFlow Lite, ML Kit

- Built an **on-device AI assistant** on **Google Gemma**, grounded in the user's data via a **RAG pipeline** (MiniLM embeddings on **TensorFlow Lite** + vector index) with a safety policy; **no data leaves the phone**, zero API cost.
- Designed an **offline-first sync engine**: **AES-256 encrypted Hive** storage reconciled with **Cloud Firestore** with conflict detection.
- Shipped 25+ **Clean Architecture** feature modules: **receipt OCR** (ML Kit), **voice entry** (English/Hindi/Marathi), budgets, shared splits, PDF/CSV export, **home widgets**.
- Wrote **240+ unit and Bloc tests**; **GitHub Actions CI/CD** builds signed releases and uploads to the **Play Store** (closed testing).

BeFit – Fitness & Nutrition App with AI Coach GitHub
Flutter, Clean Architecture, Bloc, Firebase, Gemini, Gemma, Health Connect, HealthKit

- Built a fitness app with **1,500+ exercises**, workout session mode, diet/macro tracking and **barcode food scanning**, plus an **AI coach** on **on-device Gemma** with **Gemini** cloud fallback.
- Integrated **Health Connect** and **Apple HealthKit**; added Hindi/Marathi localization and an **accessibility** pass.
- Hardened for release with **Firestore Security Rules** (emulator-tested), **App Check**, **Crashlytics**; **280+ tests** in **CI**.

flutter_body_part_selector – Open-Source Flutter Package pub.dev
Flutter, Dart, SVG, Custom Painting, Hit Testing

- Published a **tappable, themeable muscle diagram** widget, extracted from BeFit; **130+ pub points**, **240+ downloads**.
- Cut redraw cost by **parsing each SVG once and caching paths** (repaint-only selection) and added **exact path-geometry hit testing**.

Education

Ashokrao Mane Group of Institutions, Vathar Jul 2022 – Jun 2025
Bachelor of Technology in Computer Science and Engineering

Achievements

- Solved **250+ LeetCode problems**; secured **3rd rank in Algo Expert** (Reflex) among 200+ participants.
